V₈ Crystal White

we like it colourful

The Luxura V₈ has a dazzling design that illuminates from the beautiful top to bottom. The smooth, high quality finishing -with no visible fastening materials emphasizes it's stylish appearance.

The Luxura V₈ includes the special Ambient FlowLight that brightens up the room with an inviting carousel of light, with one colour seamlessly flowing into the next. Alternatively, you can select a single colour tint so the V₈ perfectly matches the cabin, salon or mood. Ambient FlowLight accents the elegant design thanks to the V-shape of the doors and the accent lines along the bottom of the doors. Moreover, through use of a light element beneath the unit, it provides a visual 'floating' effect. Inside the cabin the Ambient FlowLight Panel creates a relaxing atmosphere between and during the tanning sessions.

The Luxura V8 is equipped with SoftClose doors. An intelligently developed hinge system with integrated dampeners ensures that the doors of the V8 open and close very softly and easily, resulting in a comfortable and pleasant experience.

For those who find it uncomfortable to enjoy a tanning session with closed doors: the clever design of the V₈ makes it possible to leave the doors a chink, half or even completely open while tanning.

we like features

favourite sounds

The Luxura V₈ knows how personal tanning can get. With its quality SoundAround system, including bluetooth connection, tanners instantly play their own music favourites, while the solid holder on the Ambient FlowLight panel holds their smartphone or tablet. SoundAround also offers a subwoofer, three speakers, friendly SmartVoice as a guide through the various functions, four external radio channels and two internal SD card channels with pre-programmed, royalty free relaxing and energetic music or to program your own playlist.

MyLuxura 2.0

The MyLuxura portal allows you to monitor the health of your tanning beds in real-time, providing you with everything you need for optimal, efficient use of your beds. The data is easily accessible within a secure log-in area and it is even possible to directly download any data from the portal. Insights into the lifespan of lamps and acrylic sheets, an indication of when they should be replaced for optimal use, software updates via WiFi and online radio are just a few of the many possibilities that MyLuxura offers.

display

Discover the state-of-the-art Ambient FlowLight panel incl. full colour display and see how easy tanning preferences are managed.

- Unique design, enlightened trendy graphics and Ambient FlowLight
- Clear icons for all the settings
- Intuitive navigation through full colour display, well protected by the acrylic sheet

more highlights:

- EcoPower: this energy saving solution comes with electronic ballasts that save 15% energy use! Another advantage: EcoPower enlightens the tubes at once, to kick-start the tanning session.
- A special ventilation system -adjustable in three steps creates the most pleasant temperature while tanning. A perfect airflow surrounds the body and gives the tanning session a comfortable temperature, extra comfort and the perfect head-to-toe fabulous tan!

For an overall sense of well-being choose the optional wellness features:

- Qsens with 2 nozzles for a refreshing cool mist on the body at intervals during the tanning session
- Xsens aroma system, diffusing different delightful scents: Ocean, Blossom or Sandalwood
