PRESTIGE EDGE

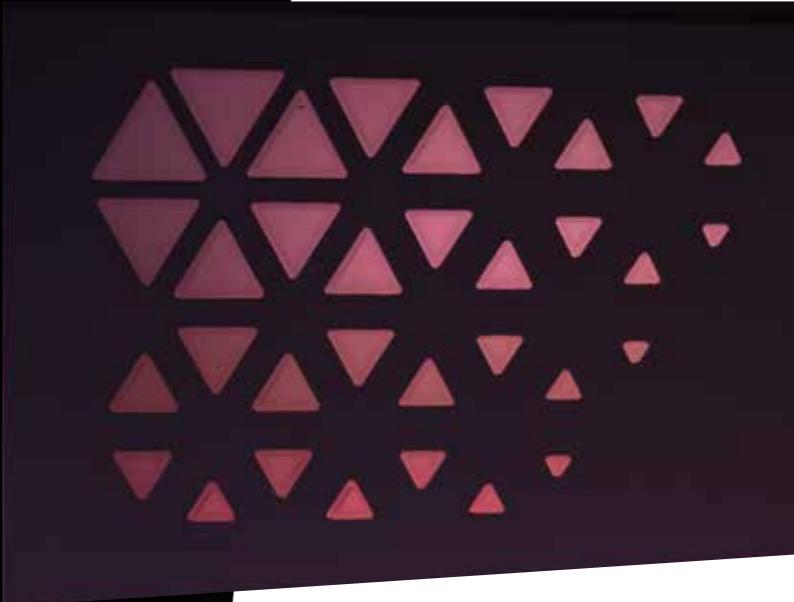

EDGE OF TOMORROW

NEXT CHAPTER OF THE SUCCESS STORY

The iconic Edge design makes a clear statement: powerful, distinctive, and elegant Prestige, redefined.

The Prestige Edge impresses not only with its unmistakable design language – it also combines premium quality, state-of-the-art UV technology, and maximum comfort.

A masterpiece of style, technology and excellence.

WITH LOVE FOR DETAIL

Dynamic lines and sparkling crystals create harmonious proportions – impressive, modern and timeless.

INSTAGRAMMABLE & TIKTOK-READY

Fascinating looks and trendy highlights make the new Prestige Edge a social media star. Spectacular, young and unique.

BUILT TO LAST

The new Timeless Steel Design guarantees durable premium quality that you can see and feel.

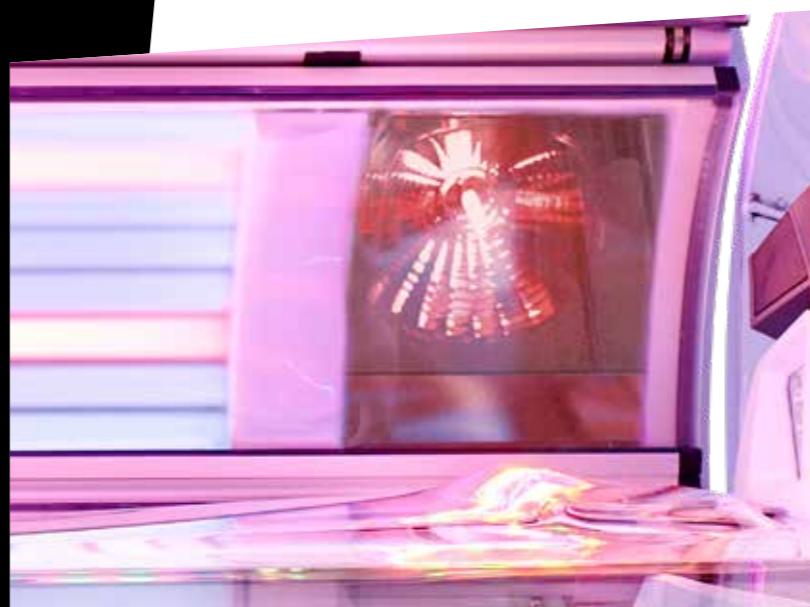

Full LED Performance for the Face

Four Spectra Full LED facial tanners guarantee an intense, even tanning result – thanks to a perfectly balanced spectrum of UVA and UVB.

Reflect Tan

The mirror reflects UV light and ensures perfect all-around tanning – even in hard-to-reach areas like the neck and back of the head.

Ultra Performance Plus

Alternatively, Prestige Edge Fusion is also available with the proven Ultra Performance Plus technology – for an intense tan you can feel.

LIGHT THAT WORKS

Prestige Edge is available with two different light technologies.

Synergy Technology

Combines the skin-caring power of red Beauty Light with the calming effect of green Nature Light. For a beautiful, natural tan and a sense of well-being.

Fusion Technology

Blue Activating Light supports the tanning results, while red Beauty Light pampers the skin – together for particularly intensive, immediately visible tanning with added care.
